

Grace

This is an example for your handwritten Blessing Card

Dear Sidney

Ever since you were born over ten years ago, God has blessed you with much grace. What is grace?

Receiving something good that you didn't ever deserve/ Oh, you are special, to be sure.

You are smart and you're athletic and healthy. On top of that, you are beautiful. And you have a great family (even wonderful grandparents, ahem)

But still, you didn't really deserve all that did you? But God graciously gave you all that, and more!

So we ask you to have grace with other people. Give them something that they probably don't deserve – your smile, your forgiveness, your love, your hugs. Always give others more than they deserve.

Why?

Because it shows God you appreciate all he has given to you.

You honor God that way. He does deserve that! God is awesome, and we love him always!

With love from your grandparents

Mimi and Papi
